Landscape Design

Good landscape planning will develop into a beautiful, easy to maintain yard. Farmyard design should concentrate on back three outside rows around the yard then designate areas for garden, fruit trees and small recreational area with selections of shade trees and shrubbery around the house. In urban settings, planting can vary from cluster planting to planting around the edge in back, utilizing space while adding beauty and colour. We can help with suggestions or with a professional landscaping service. Please feel free to inquire about prices on farms, parks, urban or just a partial yard.

Landscape Design Service.....\$65.00

Guarantee

As we understand that some plants have problems we offer warranty coverage for plants that have problems that originated in our care, such as not coming out of dormancy. This should be evident within 30 days from date of purchase. If plants are not growing please call us as we are here to help. We DO NOT warranty healthy plants leaving our care. Plant survival depends on how they are cared for to get established. Improper planting, lack of or too late watering as well as winter damage is out of our control. Plants that we do not cover are azaleas, clematis, hedging, perennials, seedlings, strawberries and tender roses.

Gift Certificates

For special occasions, please feel free to inquire about our gift certificates which can be redeemed at your gardener's convenience.

Location

We are located in the Pleasantdale District, 2 miles East on Hwy 6 on the Pleasantdale grid and 2.25 miles North. Just follow the signs.

Prices

Perennials

Perennials can provide a total range of colour, fragrance and brilliance in large beds or used as accents. Borders along walks, around pools, patios or foundations can be designed to provide variety in height, foliage, colour and time of blooming. Perennial flowers die down each fall but come back the following spring, requiring little attention. For the best selection come by in early spring.

Perennials assorted
